### Custom Colors

Geiger offers a custom color service for fabric specifiers. If sufficient time and minimum yardage requirements are met, Geiger will develop special colors in any of its standard weaves or leathers. Customer may place its order after its approval of the strike-off from the mill or tannery.

Customer is responsible for the cost of overage, approximately 10 to 15 percent, on the production run. Custom-dyed or custom-woven materials may not be canceled or returned. Custom fabrics or custom colors are sold by the piece only, and piece sizes vary according to the style.

Please contact Geiger's Customer Care Department for additional information at 800.456.6452.

### Special Finishes for Textiles

Geiger provides some textile finishing services, subject to minimum charges that will be quoted by Customer Service at the time of order entry.

At Customer's request, Geiger will trans-ship textiles to any finisher designated by Customer, however, Geiger is not responsible for changes in color, quality, appearance, or performance of textiles sent to outside finishers. Geiger is not responsible for determining the applicable finish or for the results of applied finishes to any Geiger textile.

### Leather

Before ordering leather, Customer should be aware that color may vary from samples. Natural marks such as scars, cuts, and other natural imperfections, especially on non-pigmented surfaces, are considered normal in leather.

Upon request, dye lot samples can be sent for Customer approval. Leather footage is estimated on the basis of usable square footage of soft, supple (2 1/2 to 3 oz.) leather suitable for upholstery.

### Textile and Leather Returns

Materials may not be returned without Geiger's written approval, and Geiger will not accept for return any textile piece less than 10 yards long nor any piece that is not in excellent condition. Customer is responsible for the cost of return freight. Geiger will charge a thirty percent restocking fee on approved returns. Custom-dyed or custom-woven materials may not be returned.

### Textile Warranty

Unless otherwise stated, Geiger Textiles meet or exceed Association for Contract Textiles (ACT) quality and performance standards. Additional fabric finishes applied after purchase will void any Geiger Textiles warranty.

Geiger guarantees that Geiger Textiles will perform in accordance with accepted industry standards when used under normal conditions, during single shift operation, with proper maintenance and for the purpose intended:

- For a period of three years from date of purchase for upholstery products that meet all general contract textile requirements in accordance with ACT standards.
- No warranty is given for any other products.

Geiger Textiles warranty will be limited to the refund of the purchase price or replacement of the fabric with a mutually agreed upon replacement, and does not include any labor costs. This warranty does not cover:

- installation contrary to Geiger Textiles installation guidelines or proper installation practices;
- damage caused by mold or mildew;
- reverse crocking;
- improper use;
- improper maintenance;
- improper storage or handling;
- use of incompatible or unspecified adhesive, materials, tools or equipment;
- inadequacies or defects in building design or constructions; and
- any other damage or problem due to external causes unrelated to any Geiger Textiles product defect.

This warranty is non-transferable and non-assignable. Warranty-related claims must be submitted in writing to Geiger within above stated warranty period from date of invoice.

### WARRANTY DISCLAIMERS

The above express warranties are the exclusive warranties given by Geiger Textiles. All other warranties, express or implied, are expressly disclaimed, including without limitation as to merchantability, fitness for any particular purpose or use or otherwise.

### Freight Terms for Cut Yardage

For textiles and leather orders, the actual freight charges will be invoiced. Orders are shipped via ground carrier unless requested otherwise. All textile shipments will be made FOB Geiger Textiles, Yaphank, NY 11980. All leather shipments will be made FOB Geiger Textiles, Hildebran, NC 28637.

### Reserves

Based on availability, Geiger will reserve specific quantities of textiles or leathers for a 10-day period.

### Samples

Samples of Geiger and Herman Miller textiles and leathers are available upon request. Please contact your sales representative or dealer for samples.

Order samples directly from the following textile mills:

Guilford of Maine  
800.544.0200  
www.guilfordofmaine.com

Maharam  
800.645.3943  
www.maharam.com

When ordering samples directly from the manufacturers, request samples according to the pattern and color name.

Because of natural variations in fibers, yarns, dyes, and weaves, samples may not match exactly with existing inventory. Contact Geiger Customer Service for dye lot samples of current stock, which can be sent out upon request and receipt of Customer's purchase order.

#### Textile and Leather Prices

Geiger seating textiles and leather may be ordered as cut yardage. The net prices shown below are intended for domestic commercial purchasers in the industry who are acquiring textiles and leather:

- for resale to third parties; or
- as raw materials for manufacturing.

Prices and terms must be established before order entry for any Customer purchasing:

- for export
- for upholstery application for its own use;
- or for any other use.

Prices do not include taxes, shipping, delivery, or storage. If Customer's requested ship date is more than three months after the date that Customer's order is received, it may be repriced using the prices in effect when materials are shipped.

#### Order Information

All textiles are sold to the nearest one-quarter yard, with a two-yard minimum per colorway. A \$20 charge applies to orders under the minimum. Specify number, pattern name, and color.

Leather is sold by the square foot with a one hide minimum order. Average hide size is 50 - 55 square feet. Pricing includes any overage, and the quantity will be the same as quantity ordered.

Herman Miller dealers must submit all purchase orders to Geiger via Omni. For assistance with this process, please contact Herman Miller Sales Technology Support at 800.833.3330.

All Geiger Gallery and non-Herman Miller dealers may submit their orders via email. For assistance with this process, please contact Geiger customer care at 800-456-6452.

\* May be cleaned with a 10:1 water to household bleach solution

### **Cleaning and Maintenance**

#### **Textiles**

The most effective way to keep upholstery fabrics clean is to give them frequent vacuum cleaning. All of Geiger's textiles should be professionally dry cleaned on a regular basis.

#### **Leather**

Geiger's leathers are premium quality, full-grain European hides that are aniline-through dyed and protected with a light top finish. Geiger's leathers are lightfast. These leathers can be cleaned with a mild solution of soap and water, followed by drying with a soft cloth.

Leather is a natural material that is porous and not waterproof. Customer should refrain from spilling stain-causing substances on leather. If food or other protein-based components are dropped on leather, they may cause permanent stains. Leather should receive regular dusting in order to avoid its pores filling with dust or other grime.

#### **Polyurethane Leather Alternatives**

Clean regularly with mild soap and water. Wipe up spills as they occur. For more difficult stains, use alcohol-based cleansers like Fantastik® and Formula 409®. Thoroughly rinse all solution residue with clean water and air dry. Any commercial disinfectants such as bleach, ammonia, etc. can also be used as part of routine maintenance in healthcare settings.

### **Bleach Cleanable Textiles**

Textiles noted as bleach cleanable may be cleaned with a 10:1 water to household bleach solution. Thoroughly rinse with cool, clean water to remove any residue.

For detailed information on Geiger's bleach cleanable textiles see the Bleach Cleanable Textiles Guide.

### COM/COL Procedures

Geiger accepts COM and COL for application on its products. However, Geiger does not warrant the application, suitability, or performance of those materials. Geiger reserves the right to reject any COM or COL that it considers unsuitable. Geiger will notify Customer of any apparent defects in Customer's materials before manufacture.

Use Basic Price for seating upholstered in Customer's Own Material (COM). Add COL price to Basic Price for seating upholstered in Customer's Own Leather (COL).

Express seating orders that include COM or COL are scheduled at Express leadtime when Geiger receives all the materials on the order. Geiger will split ship COM/COL orders only if Customer notifies Geiger in writing that this is required.

Questions regarding COM procedures should be directed to Geiger Customer Care at 800.456.6452 or Herman Miller COM Department at 616.654.3400.

#### Testing and Approval

All Customer's Own Material and Customer's Own Leather requires testing and approval prior to order submission. Failure to obtain approval will result in delayed processing and scheduling of the order.

**Step 1.** Herman Miller dealers should request a COM test number through Omni. Customers and dealers without Omni access should contact Geiger Customer Care at 800.456.6452 for a test number.

**Step 2. For Seating:**  
Send one memo-sized sample tagged with the test number to:

Geiger North Carolina  
218 Cline Park Drive  
Hildebran, NC 28637  
Attn: COM

#### For Tackboards

Send one 2-yard sized sample tagged with the test number to:

Geiger International, Inc.  
6095 Fulton Industrial Blvd  
Atlanta, GA 30336  
Attention: COM Approval

**Step 3.** Within four business days of receipt of the samples you will be contacted by Geiger Customer Care or the Herman Miller COM Department with testing results. If approved, you will be given a four-digit COM number for the fabric, and yardage requirements will be confirmed.

The COM number is specific to each fabric and indicates the supplier name, fabric style name, color and applied direction of the fabric. It must be shown on the purchase order and on the COM and COL tagging when shipped to Geiger.

#### Tagging and Shipment

If an order is to include materials supplied by the Customer, Customer must ship materials to Geiger at Customer's own expense. In order to match the appropriate material with the Customer's order, all COM and COL must be tagged as follows:

COM/COL No. \_\_\_\_\_  
Dealer Name \_\_\_\_\_  
Customer Name \_\_\_\_\_  
Dealer P.O. No. \_\_\_\_\_  
Geiger Order No. \_\_\_\_\_  
Product Item No. \_\_\_\_\_

Geiger is not responsible for delays caused by fabric not correctly marked or shipped to the wrong location. Freight charges to ship COM from an incorrect location to Geiger may be charged to the Customer.

### COM/COL Requirements

Yardages listed for COM are based on 54" wide fabric, with no repeat. Fabrics which have a repeat that must be matched, or are less than 54" wide, require more yardage and the following chart should be used for determining COM yardage requirements. For fabric with both horizontal and vertical repeats, add the horizontal and vertical repeat inches together. Use the total number of repeat inches to determine the additional fabric needed.

Fabric Width	Plain Fabric	2"-10" Repeat	11"-20" Repeat	21"-25" Repeat	26"-30" Repeat
54" .....	0% .....	10% .....	15% .....	20% .....	25%
51" - 53" .....	15% .....	20% .....	25% .....	30% .....	35%
48" - 50" .....	30% .....	35% .....	40% .....	45% .....	50%
45" - 47" .....	45% .....	50% .....	55% .....	60% .....	65%
36" - 44" .....	60% .....	65% .....	70% .....	75% .....	80%

COL requirements are shown in square feet and figured on hides that are 55 square feet or larger. On smaller hides, add 15% to the COL requirements. Hides other than cowhide leather cannot be accepted.
